

Terrorism I concentrates on understanding the various aspects of international and transnational terrorism and developing effective strategies to counter the threat posed by contemporary international terrorists operating within the United States.

Topics include:

- History of International and Transnational Terrorism
- The Shadow War on Terrorism
- The Rise of Al Qaeda and Associated groups
- Understanding the Middle East, Arabic and Islamic Cultures
- Understanding Islam and Radical Islam
- Responding to Pre-Incident Indicators
- Analyzing Contemporary International Terrorist Groups
- Case Studies in International Terrorism

We strongly recommend this course for all government agencies including law enforcement, fire service, emergency medical services and health providers, emergency management agencies and concerned entities from the private sector.
